

Youth 2 Winter Camp Update!

Great News! There is snow at camp and we have a tremendous winter camp program waiting for you and your teens!

**However, we have a travel alert!** Angeles Crest Highway (the main highway to camp) is shutdown halfway up the mountain due to mudslides. Therefore, we must give you alternative travel plans to get up to camp.

We have attached written alternate directions to the camp along with a map. **Please print this instruction page along with the map and give a copy to each person who is driving a vehicle to camp.** Make sure you read the directions PRIOR to driving up the mountain. We recommend that each vehicle carry snow chains just to be safe.

We will have Angeles Crest staff posted at both the Angeles Forest Highway turn off and the Upper Big Tujunga turnoff to help you make sure you make it up to camp safely. They will be at the turnoffs from 5:00 pm to 7:00 pm. **Please connect with the camp staff at the two turnoffs so they can give you instructions for traveling to the next point.** The earlier you can make it up to camp, the better the travel conditions. Remember that camp registration is from 6:00 to 7:00 pm up at the camp which means it would be best to be at the bottom of the mountain from 5:00 pm to 6:00 pm so you have time to travel up the mountain.

**Important: Please email, call or text Vicky Stevens when you get to the bottom of the mountain with your group before you head up the mountain.** That way we can help keep track of each group heading up the mountain.

The weather forecast for the weekend is clear and sunny (and cold) for the weekend with no storms so that is good news for travel. There is snow at camp so your students will enjoy a weekend of fun in the snow. If you have any other questions regarding directions and travel up to camp please feel free to contact Vicky Stevens at any time. Should you need to contact the camp for any reason the number up at the camp is 626-449-3339.

We're looking forward to a great weekend at camp.

See you there!
