GREAT MOUNTAIN-TOP EXPERIENCES WITH

ETERNAL IMPACT

ETERNAL IMPACT

Angeles Crest offers great, year-round mountaintop experiences with an eternal impact for youth camps or adult retreats, seminars, conferences and all-church events.

CHURCH RETREATS, PLUS...

A pastor once observed - 'sometimes more happens relationally in 3 days at camp than 52 Sundays.'

Church leaders know if they can gather folks away from the everyday, in a beautiful place like Angeles Crest, friendships are created and strengthened, spiritual growth is on steroids and fun and laughter can be heard throughout the mountain top.

Angeles Crest is celebrating the stories of :

MAN CAMP

It's tough for most men to connect with other men.

But not at Man Camp.

Something magical happens over a few days, when men from all over SoCal gather on the mountains of Angeles Crest. Stories of hope, connection, and freedom emerge from Man Camp.

"God really touched me this weekend,

as much as I've ever been at a camp or retreat." - *Danny Zembower, Knott Avenue Christian Church*

"Because of Man Camp, I've been empowered to go home and rebuild my relationships and make them better." - *Sean Mudd, West Valley Christian Church*

"Getting away from the 'rat race' with other men who are struggling like me was so refreshing." - *Dan Allen, Neighborhood Church, Rosemead*

"This has been my best camp experience since I dedicated my life to the Lord as a teenager. I've been in a bad season of life for over 6 years. I finally surrendered so much to God. I was able to take communion for the first time in years. This weekend I dedicated myself to fixing my relationship with God so that I can build my relationship with others."

Tom Woodward, Knott Avenue Christian Church

MOTHER-DAUGHTER RETREAT

"Not long ago, a distraught women called and said she had to cancel her mother and daughter reservation. Her husband had just lost his job and they were in the middle of moving. I told her she definitely needed a retreat and offered to cover her full fee with our scholarship funds.

She came to me at the end of the retreat in tears and told me how much the weekend meant to her and her daughter. The next year, she came back and told me she wanted to pay for someone to come that year in

addition to her fee. When I had someone call in need, I was able to bless them as a result of our grateful guest." - *Vicky Stevens, Mother-Daughter Retreat Host*
